## Cabana Chair

### ASSEMBLY INSTRUCTIONS

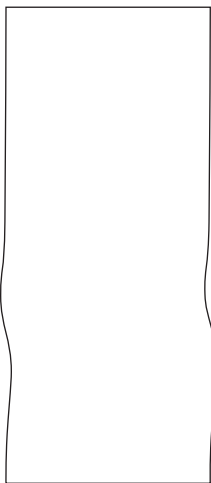

---

#### STEP 1 - SET UP THE FRAME

Lie frame flat on the ground.  
Make sure that the **notched**  
**frame** section is facing upwards.  
Locate the frame section  
with **double rods** close together.  
Lift this off the ground and  
use the remaining outer  
section to lock the chair at  
your desired angle.

### ASSEMBLY INSTRUCTIONS

---

#### STEP 2 - SET UP THE FRAME

1. Once frame is locked in at desired angle, slip one end of the fabric sling through the **double rods** in the frame. Then, slide a **retaining rod** through the looped end of the fabric sling. This rod will secure the fabric in place and retain tension while chair is in use.

2. After completing the previous step, repeat on the other end of the frame.

When fabric is securely in place on both ends, relax and enjoy your beach chair!
